INTRODUCTION

This publication contains a list of all name entries by page number in the Washington County, Georgia 1828 Tax Digest and the 1836 Tax Digest. Cross indexing was added to reflect estates of deceased, executors, administrators, trustees, agents, guardians, etc., for genealogical gleanings.

Only the odd page numbers were entered by the Georgia Department of Archives and History. These may be found in the upper part of the Name column.

The 1825, 1826 (Defaulters only), 1828, 1830, 1836-38 and 1848-51 Tax Digests on microfilm may be seen at the Georgia State Archives & Library or at the Genealogical & Historical Room, Washington Memorial Library, Macon, GA. The Central Georgia Genealogical Society, in 1987, made a donation to the Washington Memorial Library whereby some 42 microfilms of the Tax Digest of early Washington County, GA and other central Georgia counties were purchased. The 1825 Tax Digest of Washington County, GA was privately published, in 1968, by Elizabeth Prichard Newsom. The 1828 and 1836 Tax Digests represent periods of greatest turnover between the previously published 1825 Tax Digest and the 1830 and 1840 censuses.

Both tax digests contain entries that appear to be duplicates. A check of the poll tax column should reveal one person with two entries or two persons with same name. Defaulters in one GMD may have paid poll tax in another or left the county.

The Tax Digest was returned by the Captains of each of 14 Georgia Military Districts (GMD's). The GMD numbers were matched to the Captain's names.
